Reference: Region 38 800 Mhz NPSPAC Plan Amendment WT Docket 02-55,
[NPSPAC Docket No. 93-57]

Dear Chief Furth:

Enclosed please find the Region 38 NPSPAC Streamline Plan Amendment. You will find that since South Dakota has no NPSPAC licensees at this time, this Amendment outlines only what is assigned to the various counties throughout Region 38 as per the packing routine, and the associated frequency change.

Region 38 Committee requests the FCC to process this streamlined amendment so that our plan will conform with the re-banding efforts.

If you have any questions, please contact me at 605.773.4635, or 605.280.0870 (cell) or via e-mail at todd.dravland@state.sd.us.

Any references in the plan to 821-824, and 866-869 Mhz in the 1992 Region 38 plan are understood to change to the 806-809, and 851-854 Mhz once rebanding is completed.

Amendment to our plan is the attached Excel file that modifies the frequencies (based on channels) for pages 20 through 26.

Sincerely,

Todd Dravland, Chairman
Region 38 Planning Committee
1302 E. Hwy 14, Suite 8
Pierre, SD 57501
